### Local and Otherwise.

School begins next Monday. Labor Day next Monday September 5. Born to Mr. and Mrs. Homer Stapleford on Sunday, August 28, 1910, a son. Congratulations.

Rev. S. M. Gilchrist will preach a labor day sermon next Sunday evening at 7:30. All welcome.

Several young people from here attended the Harvest Ball given at Brockway last Friday evening.

Mrs. John T. Smith has purchased Ira Goheen's house and lot near the city park and will soon move to Yale.

It is reported that your Uncle Henry McMoran was in Yale Saturday afternoon. Wonder if anyone saw him?

Mahlon Bearss is delayed in finishing the porch in front of his dwelling house on account of not being able to get brick.

T. J. Minnie wants a carload of poultry on Saturday, Sept. 3, delivered at Yale depot. Highest market prices paid.

A number of Yale young people passed a few hours Sunday in Mason's grove on Mill Creek several miles south east.

Charles Barr, who has been confined to the house for several weeks with appendicitis, is around again although very weak.

Warren Broadway was laid up with sickness the first of the week and his son Glen has been looking after the express and mail.

Charles Manns has rented the John Willoughby farm in Lynn township and is moving his family from Port Huron this week.

James Adams sold a heifer last Saturday to Ed. Sheehy 16 months old that tipped the scales at 890 pounds. Pretty good for a yearling.

Ruth Menzies gave a marshmallow roast and corn popping to a small bunch of girl friends Thursday evening. All enjoyed the fun.

Judge E. F. Law, of Port Huron, was in Yale Saturday visiting his mother and friends. He made the Expositor office a pleasant call.

A chicken pie supper and dance will be given at Gleaner Hall one mile north and two miles west of Yale on the evening of Sept. 8th. Ladies please bring baskets.

A new 12-inch sewer is being laid along Mechanic street from Main to Mary streets. This will be a great accommodation to residents along Mechanic street.

The horse sale conducted by Geo. Martin at the stock yards Saturday last was largely attended and successful. The horses were brought from Nebraska ranches and were a fine lot.

A turkey and corn roast was held at the home of Mr. and Mrs. B. McNulty on Thursday evening. About thirty were present and if ever there was a jolly time it was had on this occasion.

John Minty, who has been employed as clerk in Pollock & Hennessy's drug store for some time is now taking a course in pharmacy at the Ferris school at Big Rapids. Queenie Wallace is the new clerk.

Thos. Bidleman brought to the Expositor office the first of the week a puff-bail measuring about two feet in circumference. It was found in the orchard on his father's farm. The publisher's family and some of the neighbors enjoyed very delectable meals.

Maud Pearce entertained members of the Single Dozen Club Wednesday afternoon from 2 to 5. Most of the members are now married but still hold allegiance to the club and when in Yale, many happy gatherings bring them together. The hostess of this pleasant occasion gave her guests an inkling of what was to occur this month and it will not be hard for the rest of us to guess.

The annual reunion of the Gardners was held at the home of Mr. and Mrs. G. W. Gardner in Yale on August 24, 1910. Those present were A. K. Gardner, Fremont; John A. Gardner and wife, Mrs. Jos. Sisco, Speaker; Mrs. F. A. Hill, Mrs. Chas. Locke, Aycock; Mr. and Mrs. S. E. Sloat, Yale. The day was very pleasantly spent. This gathering is an annual affair and is held at different homes each year.

Rev. Jacob Horton, a prominent M. E. minister of the state and for six years presiding elder of Port Huron district, died at his home in Ypsilanti August 17, of heart failure. Deceased was an excellent pastor and one of the best presiding elders ever upon this charge. In 1904 his foot was crushed while trying to board a street car in Detroit and afterward he located in Ypsilanti and became treasurer of the M. E. church.

To make the races a more distinct Thumb District affair, the management has decided to add two more races to the program, entries to which are limited to horses owned in the Thumb District. Intense rivalry is expected to be developed in these two classes between horses in the different counties. Special purses of \$200 are hung up for each one of these events. Indications are that the Thumb District Fair will surpass any event of the kind ever held in the district.

A meeting of Yale citizens will be held in Central Hall next Monday evening at 8:30 for the purpose of appointing committees and making other necessary arrangements for the Soldiers' and Sailors' reunion to be held at Yale, Sept. 14, 15 and 16. Everybody is invited to come out and take part in the meeting. Many of the old soldiers and sailors have but a few more years to remain with us therefore all should do their utmost to give them one of the best times of their lives while our guests.

Pay Your Taxes.

On and after September 15th, 1910, a per cent will be charged on all unpaid city taxes.

## TRY A MENZ-EASE

You won't regret it. For all sorts of every-day service in all sorts of weather, and the best shoe investment in the country. For comfort they can't be beaten. For service, they hold records for the past fifteen years that no every-day shoe has ever equalled.

No shoe can be made better, stronger or wear longer. They use an upper stock you can't find in any other shoe made. We call it our special

### "Menz-Ease" Process of Tannage

which they originated and introduced years ago. It is soft as glove leather, one reason why Menz-ease are so comfortable, but it's toughness and strength is remarkable. We have dozens of testimonials from out-door workers everywhere (farmers, railroad men and teamsters) who say the Menz-Ease have given them from one to two years service. This is what a couple of good reliable farmers say about them. "Give me another pair of shoes like these (Menz-Ease) I have worn these two years." Geo. Walker, Yale.

"Say boys do you still carry Menz-Ease shoes? This is the first time I ever had a pair of shoes I could wear through the fall threshing season and have anything left in the shape of shoes for the next spring. Give me a pair of size 10." Geo. Mosher.

Try a pair for the fall.

### In a Deplorable Condition.

A subject that should be brought to the notice of our citizens and impressed upon their consideration, is that of the condition of Elmwood cemetery. A walk through the city of the dead quickly shows that it is a shame and a disgrace that the weeds and wild grass should be left uncut year after year. The few persons who are earnest in keeping their lots presentable are almost discouraged at the hard continuous work which it entails by the clouds of wild weed seeds which are left to scatter of their own free will. The whole cemetery, with the exception of a few well kept plots, which look like oases in the desert, is over run with the milk weed which grows about two feet high and with the farthest stretch of imagination, could not be called a beautiful, even to a pig-pen.

This town should have an Improvement Society and begin with the cemetery.

The location of Elmwood is as pretty as any and is nicely laid out with the drives and surrounding trees. It seems to us that what is needed is a caretaker, who would put in his whole time from spring to fall and who would be amply paid from a fund subscribed for that purpose by all who own lots in the cemetery. If anyone has some good views on this subject and can offer some good theory which could be put into efficient and practical working to the end that the place where our dead lie might be made as we know they would like to see it, if they were here, we will be glad to publish their ideas and trust that soon, a general cleaning up will ensue. It might not be a bad plan for a starter, to hold a bee on a certain day and as many as possible go over and cut down the weeds and grass.

### You Are Invited.

By the Presbyterian Brotherhood to come to an Address to be delivered Thursday evening at 8 o'clock, Sept. 8, by Lincoln Avery on "The Holy Land." This address has been enjoyed by several of our townsmen who report it one of the best.

Be sure and come and bring your friends. No charge will be made.

### Important Notice.

The Michigan Sugar Company will start its campaign this year about the first of October. All persons desiring employment at that time are requested to file their applications with the company at once, as we are now making up our crew for the campaign. It is preferable that the applications be made in person. An exceptionally long campaign is anticipated.

YOUR SITTING ROOM

## LIGHT

Is it bright enough and well distributed enough to allow the whole family to read or work in any part of the room in comfort? Is it a veritable burner that wastes its best brilliancy on the ceiling? The Angle Lamp throws its light down upon your book or table. It is oil lighting at its best, with the smoke, smell, and bother of ordinary lamps eliminated by new methods. Yet it is fully one-half cheaper to burn than even the ordinary lamps.

### The Angle Lamp

resembles a handsome gas chandelier in appearance and is a perfect substitute for gas in operating convenience. It is lighted and extinguished like gas. Call and see it or write for catalog.
